

Photo 1: Trees to left of road at the northwest approach need trimming to provide a clear view to the roadway to the southeast of the bridge. Note the location of proposed Give Way markings.

Photo 2: View to the southeast from the proposed Give Way line. Suckers to the southwest of the bridge (marked in red) require removal and trees trimming to improve the view to oncoming traffic. Also note proposed edge lines on bridge providing a single 3.5 m traffic lane and definition of non-trafficked areas with yellow cross-hatching.
